A CAREER IN REAL ESTATE

A BRAND WITH VALUES

We've been on a mission to make the real estate industry more... real. By being the first real estate brand to launch with a focus solely on our core values, we are confident and proud of every business decision we make. For us, those values are:

PASSION: To stimulate energy to a higher level of inspiration and emotion.

AUTHENTICITY: Being exactly what we claim to be.

INCLUSION: To embrace all people and ideas.

GROWTH: To have increasing influence.

EXCELLENCE: To consistently exceed expectations.

TRUST IS THE NAME OF THE GAME AND OUR GAME IS STRONG

It's been said that trust is the glue of life. When it comes to choosing an agent, the *NAR Profile of Home Buyers and Sellers** says that trust is one of the most important factors in that decision. Being associated with America's go-to brand for lifestyle and design gives our affiliated agents an immediate, tangible level of trust with consumers.

REPUTATION IS EVERYTHING

With the right reputation, you don't even need a business card. The most common way home buyers find their real estate agents is through referrals*, so we have to make sure our customer service goes above and beyond the norm. Better Homes and Gardens® Real Estate (BHGRE®) helps step-up your customer service game on every level; from initial awareness to interactions with you before, during and after a purchase or sale.

We help you appeal to and service your consumers through every medium, in every way. We invest heavily in tools, technology and content to help you build long-lasting relationships with your clients.

TECHNOLOGY & PROGRAMS

TECHNOLOGY

Our website, BHGRE.com, offers a unique perspective into people’s emotional — as well as traditional — motivations for buying a home. The Zap® platform, our lead generation and CRM platform, was created to meet the needs of our increasingly mobile, online and dynamic world. With insights and content from our network about communities, schools and individual properties, our website helps consumers get a sneak peek into finding just the right home in the community that best matches their lifestyle. This is not only a huge time saver, but a true advantage you can tout during listing presentations! We also provide our affiliated agents with their own agent websites, to help them save time and money, as well as to help competitively build online business.

BOOST BY HOMESPOTTER

BHGRE® now provides a free* 3-day digital advertising campaign for all new listings with Boost. With this fully automated program, agents can drive qualified users to their Zap® websites and monitor social media for user engagements.

PROGRAMS

BHGRE® is a leading lifestyle brand in real estate. We understand that people are seeking a lifestyle as much as they are seeking a home. We are proud to offer the most comprehensive suite of listing programs in the industry to help you offer more personalized service to your clients, no matter what type of listing you are representing.

*Offer provided by BHGRE® with no additional cost to BHGRE® affiliated agents. Offer must be redeemed within 30 days of each listing going live.
